A house for founders. A year of moving forward.

Trusted relationships, useful asks and offers, and a house that remembers what you are building.

₹2 LAKH FIRST YEAR / ₹1 LAKH ANNUAL RENEWAL

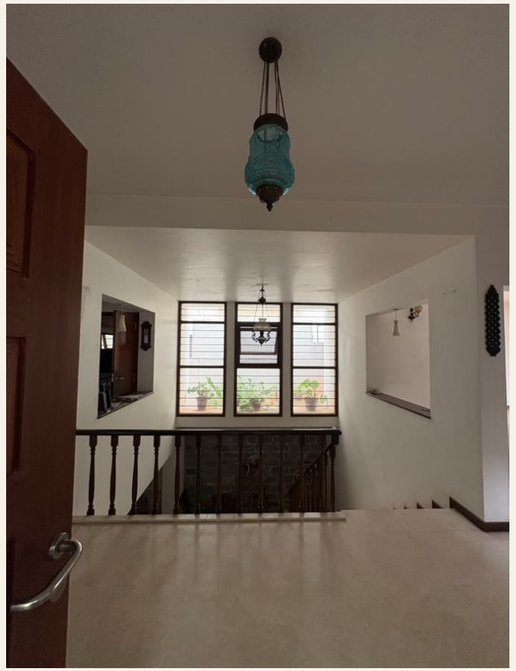

FOUNDERS ONLY / OPENS 30 NOVEMBER 2026

Before the house, there was a club.

HSR Founders Club built a habit of bringing founders together around HSR. Fourthspace turns that history into a physical place for repeated professional encounters.

120+
events hosted

≈5,200
reported event attendees

3,000+
founders in the HSR-area directory

7,000
newsletter signups

HSR Founders Club figures supplied October 2026. These are not Fourthspace operating results or paid-member counts.

The room is only the beginning.

Membership is a repeated practice of asking, offering, meeting and returning—not a desk package.

ASK	Say what would move your company forward: a pilot, a hire, a technical answer or a customer conversation.
OFFER	Make your experience useful to another founder. The house gets stronger when members create value for each other.
RETURN	Follow up, join the next circle, host what you know, and let relationships develop beyond one introduction.

A useful year, not a long perk list.

Opportunity needs a next step.

1	**TELL THE HOUSE**	What are you building? What do you need? What can you offer?
2	**MAKE IT VISIBLE**	Add an ask or offer to the opt-in member system.
3	**ACCEPT A MATCH**	Both people agree before an introduction is made.
4	**FOLLOW THROUGH**	Meet, act, and report only the outcome that actually happened.

One facilitated introduction request per member per month. No funding, hiring, customer or cofounder guarantee.

Founders are members. Not inventory.

The value of the house depends on being able to participate without being harvested, pitched or displayed.

Founder status confirmed through application and review.

The member directory is never supplied to sponsors.

Introductions require consent from both people.

No unsolicited pitching, scraping or bulk member messages.

Members can ignore sponsor activity without losing benefits.
