Own the first meal of the workday.

A breakfast-led partnership that turns Mild Atta into a useful daily ritual—not another logo on a menu.

MILD ATTA × FOURTHSPACE / 12 MONTHS

One signature breakfast, an approved recipe QR, voluntary take-home samples and four quarterly Breakfast & Build sessions.

CONCEPT ONLY / PRODUCT, CLAIMS AND FINAL PACKAGE REQUIRE APPROVAL

Illustrative proposal. No current partnership implied.

A product people can taste. Not just a brand they notice.

The partnership is designed around a simple behaviour: try Mild Atta at breakfast, choose to learn more, and decide what happens next.

DAILY TRIAL

A real breakfast serve creates a more relevant product experience than a conventional sponsorship placement.

USEFUL RECALL

An approved recipe and take-home pack give visitors something useful after they leave the house.

OPT-IN RETURN

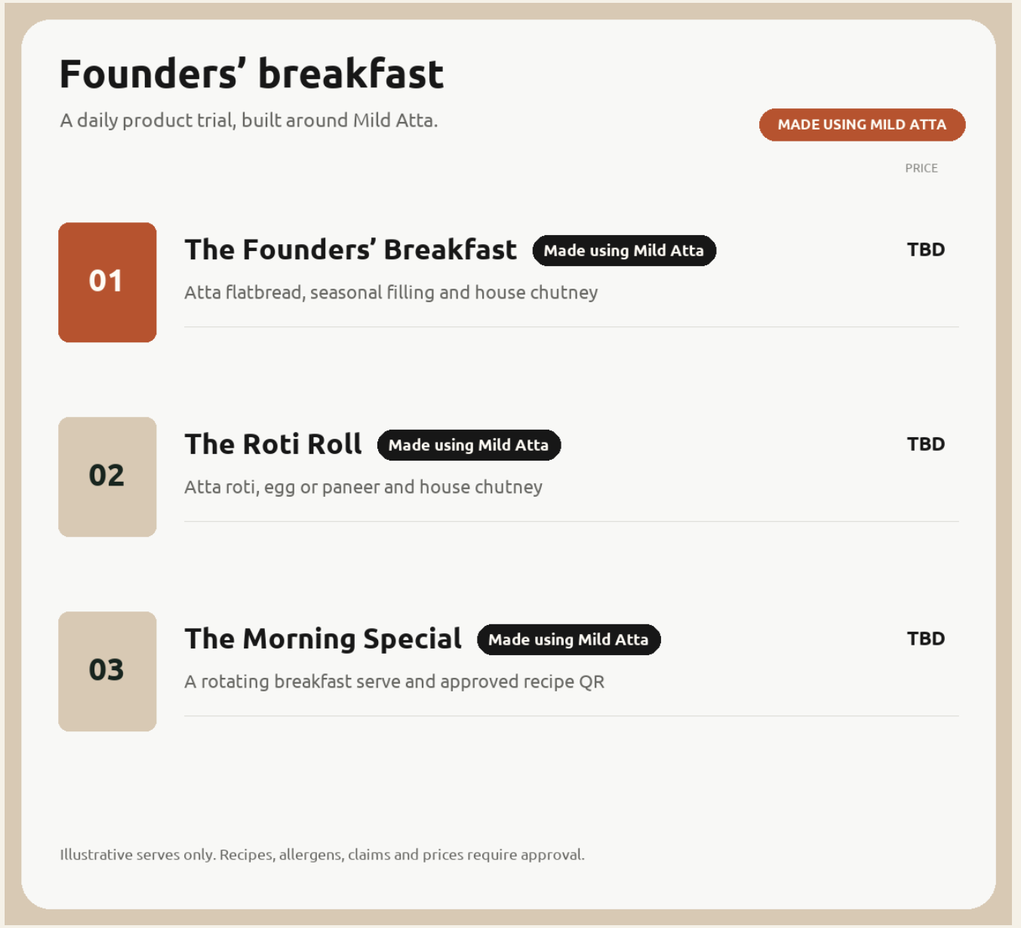

Recipe visits, enquiries and redemptions are measured separately. Participation never requires contact details.

THE COMMERCIAL IDEA / OWN A REPEATABLE MORNING RITUAL, NOT A ONE-OFF ACTIVATION.

Concept assumes a packaged atta product; Mild Atta supplies final product information and approved claims.

The Founders’ Breakfast. A daily reason to return.

One approved breakfast serve, with Mild Atta named on the menu and a dedicated recipe or offer QR.

ONE SIGNATURE SERVE

Developed with Mild Atta and approved by our F&B team.

ONE APPROVED STORY

Product details and claims supplied and approved by Mild Atta.

ONE RECIPE QR

A useful destination chosen by the visitor, never a forced lead form.

Illustrative serves only. Recipes, allergens, prices and service require F&B approval.

From first bite to the next purchase.

Every stage has a clear visitor choice and a separate measure. A breakfast order is not a lead; a scan is not a sale.

TASTE

Order the breakfast

Count verified paid serves where the POS identifies the item.

SCAN

Open the recipe or offer

Measure campaign visits where the approved destination supports tracking.

CHOOSE

Take a sample voluntarily

Record packs received, distributed, damaged and remaining.

RETURN

Redeem or enquire by choice

Report validated redemptions and explicit opt-in enquiries separately.

Sponsor-side trials, repurchase and sales are reported only when Mild Atta supplies the outcome and counting method.

A clear ingredient tag. Not a branded cup.

The same idea appears across the breakfast, menu story and approved take-home pack—using a simple ingredient tag instead of branded drinkware.

ON THE MENU

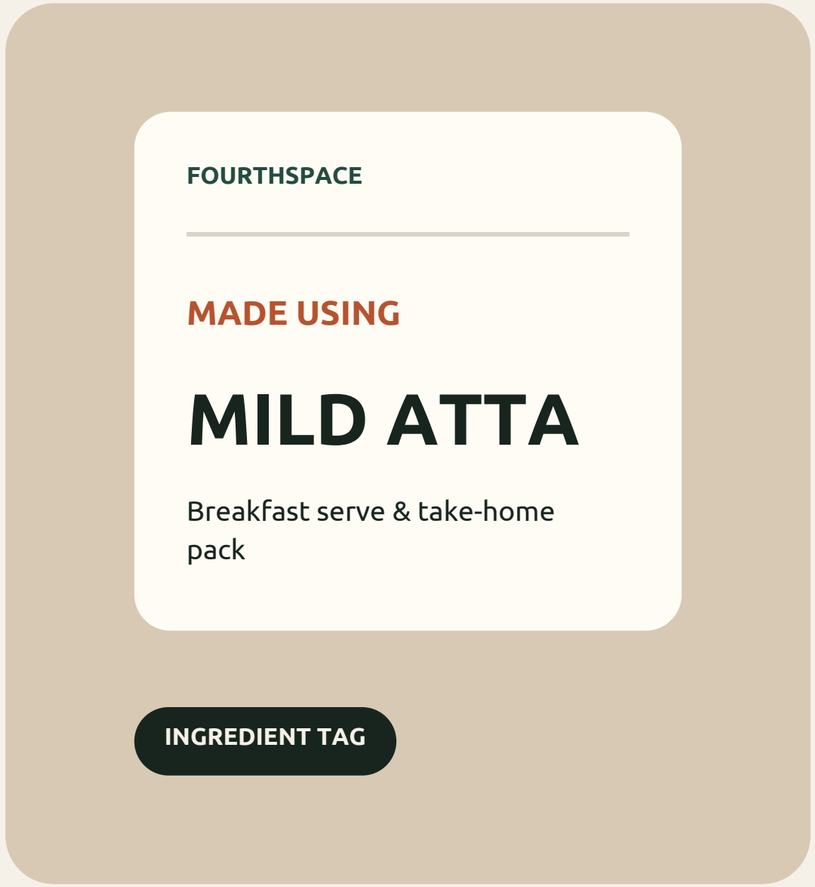

A named breakfast and a concise approved product story.

ON THE SERVE

A clear “Made using Mild Atta” tag on the breakfast packaging.

TO TAKE HOME

One approved sample pack, offered voluntarily with no contact exchange.

Menu and packaging tag concepts; final claims and design require approval.

Breakfast & Build.
Four mornings a year.

One sponsor-led event-space use per quarter. Mild Atta proposes the audience and format; Fourthspace reviews and approves each event.

20% OFF PRE-AGREED EVENT CATERING

Event production and dedicated staffing are separately scoped. Unused quarterly uses expire.

The annual partnership.

₹15,00,000

PROPOSED CUSTOM PACKAGE / 12 MONTHS

01 / Signature breakfast

One approved Mild Atta breakfast serve and recipe QR.

02 / Take-home samples

One agreed bay and voluntary distribution of approved packs.

03 / Quarterly breakfasts

Four sponsor-led uses; 20% off pre-agreed catering.

Category exclusivity

Proposed packaged atta category, defined in the agreement.

Two-week feature

One annual feature supporting the breakfast and recipe QR.

Reporting

Weekly activity reports and four quarterly reviews.

Proposed variation replaces the standard coffee/mocktail benefit; commercial and F&B approval required.

Two weeks focused on better mornings.

One annual in-house feature brings the breakfast, product story, samples and recipe journey together.

01 / BREAKFAST HIGHLIGHT

The Mild Atta serve receives a featured position on the breakfast menu.

02 / PRODUCT STORY

An approved card explains the product, ingredients and recipe.

03 / SAMPLE MOMENT

Staff offer the approved take-home pack using transparent criteria.

04 / RECIPE MEASUREMENT

The feature uses one approved QR destination and campaign report.

Exact feature dates, placements and creative are confirmed in the annual benefit schedule.

Measure trial.
Never mistake it for loyalty.

Weekly activity reporting separates café behaviour from sponsor-supplied outcomes and genuine opt-in interest.

Aggregate reporting by default. No member, attendee or newsletter lists are supplied.

Make Mild Atta part of the morning.

Start with one breakfast pilot, one approved recipe destination and a clear definition of the packaged atta category.

01 Confirm the product, category boundary and approved claims.

02 Prototype the breakfast, service process and take-home pack.

03 Approve the annual schedule, measurement and agreement.

Recommended: approve a concept and F&B workshop before contracting.
