FOURTHSPACE

A house for founders. A place to return to.

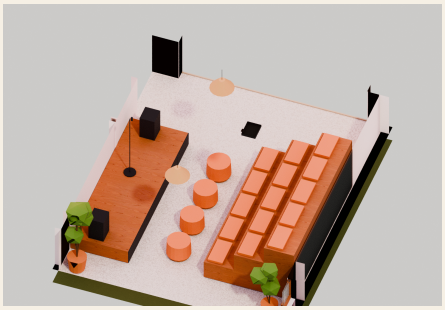

Fourthspace is a community house being built in HSR Layout, Bengaluru: a public café, founder workspaces, meeting rooms and a programme of gatherings under one roof.

A public café

Space to connect

Room to gather

Proposed fit-outs shown in Blender renders. Final room uses and capacities are subject to review.

Good conversations need continuity.

Visit the café	Open to founders and non-founders: a place for coffee, conversation and selected public events.
Build alongside others	Founder-only membership brings spaces to work and meet, founder sessions, and a board for asks and offers.
Keep coming back	Return for circles, breakfasts, demos and member-hosted gatherings. Let useful relationships develop across visits.

From the team behind HSR Founders Club.

The house builds on a community already bringing founders together around HSR.

HSR LAYOUT, BENGALURU

PLANNED OPENING / 30 NOVEMBER 2026
